Welcome to the 2021 NACE Central Area Conference

On behalf of the Kansas City Section, it is our great pleasure to welcome you to Kansas City, Missouri!

Kansas City was founded as a port city providing supplies to the trappers and early settlers in the Missouri River and Kansas territory. When the California gold rush occurred in 1849, Kansas City (or the “Town of Kansas” as it was known then) became an important supply outpost for forty-niners, ranchers, farmers, and settlers embarking on journeys westward on the Santa Fe Trail, Oregon Trail, and California Trail. During the roaring 20’s and on through prohibition, Kansas City was well known for its nightlife, speakeasys, and the emergence of Kansas City jazz through the national prominence of Count Basie, Bennie Moten, Charlie Parker and other jazz greats to emerge from the area. In more recent years, the city has been well known for our major league sports teams: the Kansas City Chiefs football team, the Kansas City Royals baseball team, and Sporting KC our MLS soccer team.

While visiting, some sites of interest are the Liberty Memorial and WW1 Museum, the only full-scale museum dedicated exclusively to WW1 in the USA. Additionally, Crown Center (home of Hallmark Cards), the Plaza (internationally known upscale shopping district, and the 18th and Vine Jazz District (including the Negro League Baseball Museum) are destinations that should not be missed. Of course, while in Kansas City, you must sample some KC bar-b-que!

We have embarked on a unique approach to the technical program this year. We are offering a “basic” track consisting of many common topics of interest to any corrosion professional, and an “advanced” track consisting of mostly actual customer case studies delving into more specific field applications and new tools and techniques for corrosion management.

We also encourage you to take advantage the ample time provided to visit our exhibitors, who will be showcasing the latest in corrosion control technology and products, and join our great networking opportunities to mingle with old friends and new to further increase your knowledge.

Once again, thanks for joining us here in Kansas City. Our Section is pleased to offer the first area conference in over a year, and we are hopeful everyone will take advantage of this opportunity to re-engage with their peers and the corrosion control community!

Thanks,

Jamey Hilleary
Kansas City Section Trustee

Mark Anderson
Conference Chair

Help change the future of corrosion and coatings standards

Stay on the cutting edge of technological innovations in the corrosion and coatings industries as the technical committees from legacy NACE International come together for their annual “work week” to share information and solutions to corrosion challenges encountered around the world.

This is your chance to help shape the industry and:

- Exchange knowledge and experience on today’s global corrosion challenges
- Develop important standards that professionals around the world rely on
- Establish best practices focused on identification, prevention and remediation
- Connect with your peers during our networking events
- Discover the very latest products and services from leading companies in corrosion and coatings

Register today and get ready to change the future! ctw.nace.org

Advance registration is free for NACE/SSPC members before September 4, 2021
NOW 3 UNIQUE OPPORTUNITIES TO TAKE YOUR COATINGS KNOWLEDGE TO THE NEXT LEVEL!

**MPI COMMERCIAL COATINGS SUMMIT**
August 18-19, 2021
Washington, DC (and online!)

This brand-new event delivers a top-rate technical program to unite different areas from across the commercial coatings industry and concludes with your chance to be a part of the inaugural meeting of the MPI Standards Committee!

[mpi.nace.org](http://mpi.nace.org)

---

**FIRECORR**
November 16-17, 2021
Virtual Conference

Explore the latest trends, best practices and solutions in passive fire protection (PFP) and corrosion from global industry leaders and experts at the brand new virtual conference organized by AMPP and the Polish Corrosion Society.

[nace.org/events/firecorr](http://nace.org/events/firecorr)

---

**COATINGS+**
December 13-16, 2021
Phoenix, AZ

A not-to-be-missed event for coatings professionals from across the industry featuring a comprehensive technical program covering all aspects of protective coatings - from surface preparation to inspection!

[sspc.org/coatings](http://sspc.org/coatings)
Networking Events

Welcome Reception
Wednesday, August 4, 5-7 p.m.
Exhibit Hall

We are excited to be back in-person and are ready to mingle! Kick back, relax, and wind down after the first day with a casual evening over drinks and hors d’oeuvres while networking with your fellow conference attendees and exhibitors.

Sponsored by:

Exhibitor Reception
Thursday, August 5, 5-6 p.m.
Exhibit Hall

Our exhibit hall is packed with the very latest corrosion and coatings products and services available. This is your chance to peruse the exhibit displays and get to know our exhibitors with this fun reception offering drinks, light hors d’oeuvres and spark that next great connection!

Code of Ethics
The Fundamental Principles
Members uphold and advance the integrity, honor, and dignity of the members’ profession by using their knowledge and skill for the enhancement of human welfare; being honest and impartial, and serving with fidelity the public, their employers, and clients; and striving to increase the competence and prestige of the corrosion engineering profession.

The Fundamental Canons
A. Members shall hold paramount the safety, health, and welfare of the public in the performance of their professional duties.
B. Members shall perform services only in the areas of their competence.
C. Members shall continue their professional development throughout their careers and shall provide opportunities for the professional development of those members under their supervision.
D. Members shall act in professional matters for each employer or client as faithful agents or trustees and shall avoid conflicts of interest.
E. Members shall build their professional reputation on the merit of their services and shall not compete unfairly with others.
F. Members shall associate only with reputable persons or organizations.
G. Members shall issue public statements only in an objective and truthful manner.
H. Members shall not maliciously injure the reputation, prospects, or business of others, but this does not remove the moral obligation to expose unethical conduct.
I. Members shall act in a manner that respects and values the diversity of our members, staff, partners, customers, and suppliers, and should strive to promote recognition and participation by individuals regardless of differences. AMPP specifically prohibits sexual harassment by or against any employee, member, officer, director, or other volunteer, vendor, or customer; and such conduct will not be permitted or condoned.

Anti-Harassment Policy
AMPP is committed to providing an environment free of sexual harassment (which includes harassment based on gender, pregnancy, childbirth, or related medical conditions), as well as harassment based on such factors as race, color, religion, national origin, ancestry, age, physical disability, mental disability, medical condition, marital status, sexual orientation, gender identity, gender expression, workers’ compensation leave, veteran status, or any other condition or characteristic protected by law.

We expect all participants at the Central Area Conference to abide by this Anti-Harassment Policy in all venues at Central Area Conference, including ancillary events and official and unofficial social gatherings.

• Exercise consideration and respect in your speech and actions.
• Refrain from demeaning, discriminatory, or harassing behavior and speech.
• Be mindful of your surroundings and of your fellow participants.
• Alert AMPP staff if you notice harassment.

If you are being harassed, notice that someone else is being harassed, or have any other concerns, please contact Meghan Leyva at +1 361-779-1387 on-site immediately.

Alcohol Consumption Policy
AMPP is committed to the health and well-being of its staff, members, customers, event participants, and vendors. The association expects individuals who choose to consume alcohol at AMPP-affiliated events to do so legally and in moderation. The use of alcoholic beverages by any participant at a AMPP-affiliated event shall be in compliance with federal, state, and local laws. Persons who infringe upon the rights of others, who conduct themselves in a disorderly manner, or who damage or destroy property shall be subject to disciplinary and/or criminal action. All Central Area Conference participants are expected to abide by this alcohol policy in all venues at Central Area Conference, including ancillary events and official and unofficial social gatherings. Participants shall conform to the requirements of this policy and all other applicable AMPP policies, including but not limited to the AMPP Code of Ethics and anti-harassment policies.

Minor Policy for AMPP Conferences
Children under the age of 15 are not permitted in the Exhibit Hall and technical presentations. Children over the age of 15 must be registered as guests and wear badges at all times while in the convention center. To accommodate nursing mothers, the following will apply:

1. Expo attendance: Nursing infants will be allowed in the Exhibit Hall during show hours only and must always be carried by a registered AMPP attendee either in his or her arms or in a front baby carrier (NO STROLLERS PERMITTED). Everyone who attends the exhibition must be registered and have a badge. Badges for minors 15 and older are free and available on site at the registration desk. Minors between 15 and 18 years of age must be accompanied by an adult at all times. Guardians are asked to help maintain a professional, disturbance-free exhibition environment.

2. Technical program: To provide all AMPP attendees an optimal learning environment, minors and guests are not permitted in technical meetings or the symposia. Those attending these sessions must be registered for the conference and show the appropriate badge.

3. Exhibitors: Exhibitor booth staff must be registered as such and be 15 years of age or older. The nursing infant rule does not apply to exhibitors. No child under the age of 15 may be in an exhibit booth during set-up, tear-down, or show hours. Anyone in violation of these rules will have their booth closed and will not be provided a refund.

4. Strollers and rolling carts are not allowed in the Exhibit Hall at any time.

5. Childcare is not available at the convention center; however, your hotel concierge may be able to assist you. Please note that AMPP has no affiliation with these services.
A FINAL YEAR YOU WON'T FORGET!
